Objective

Own your story. Close the loop from Module 1's obsession work by showing how that destructive energy has transformed into fuel for your legacy.

Overview

This is the **completion module**. Everything comes together. You started by grieving obsession (Module 1), understanding your wiring (Module 1.5), rebuilding identity (Module 2), learning regulation (Module 3), launching your venture (Module 4), becoming a leader (Module 5), building financial dignity (Module 6), and defining legacy (Module 7). Now you **own the whole arc**.

- Story Stewardship Filter (🟢🟡🔴: Now/Later/Never)
- Witness Circle (60 seconds, no advice/praise)
- Role Declaration (**THRESHOLD MOMENT**: alumni role + 30-day action + accountability person)
- Legacy Ledger submission (compiled into Playbook)
- Passing of Custody ritual (sign Alumni Ledger, receive token)
- 30-Day Follow-Through post-grad
- First Give-Back (1 hour service in 60 days)
