Module 2: Builder Identity Work

↗ Course Units	Unit 1: The Power of Language—Words That Build and Break, Unit 2: Shame Scripts & Narrative Rewrite, Unit 3: Builder's Code Workshop - Creating Our Community Agreement, Unit 4: Identity MVP - Designing Your Builder Self as a Product, Unit 5.5: Type Clustering Moment — TRIBE AS NORMALIZER, Unit 5: Builder Affirmations - Claiming Your Identity, Unit 6: Module 2 Assessment & Integration, Unit 7.5: Builder Feedback Framework — STANDING PRACTICE, Unit 7.6: Builder Receipts Log - Identity Proof Tracking, Unit 7: Builder Language Spotting — TRIBE AS CULTURE HOLDER
≡ Description	Build the new identity. Participants practice Builder Language, create shame-to-builder script rewrites, develop redirect plans, and write the Builder's Code. Introduces Culture Holder and Language Enforcer Tribe roles. Exit artifact: Builder's Code (public declaration).
# Duration (min)	270
# Module Number	2
⊙ Status	Not Started

🎯 Objective

Build the new identity. Replace shame scripts with builder scripts, create your Builder's Code, and step into who you're becoming.

🧠 Overview

This is the **reconstruction module**. Module 1 released the old self. Module 1.5 explained your wiring. Now you actively build an identity that fits.

- Practice Builder Language and catch shame scripts

- Rewrite narratives from shame to builder

- Develop redirect plans for regulation

- Write your **Builder's Code** (public declaration)

- Step into **Culture Holder** and **Language Enforcer** Tribe roles

---

📥 Exercises

🪞 Reflections

💬 **Example Prompt:**

> "What shame scripts am I ready to flip?"
> "What does my Builder's Code protect?"
