YouTube Usage Policy

For Course Footer:

> **Video Content Policy**

> All video content in this curriculum is used for educational purposes under Fair Use principles. Videos are embedded from YouTube and other platforms to provide research-backed context and expert perspectives that support your learning journey.

> **Important:**

> - Videos remain the property of their original creators

> - We do not claim ownership of embedded content

> - If you are a content creator and would like your video removed, please contact us at legacyrisinghtx@gmail.com

> - All videos are selected based on their educational value and alignment with our curriculum's research foundation

> **For Participants:**

> - Videos are supplementary to the core curriculum content

> - You are not required to watch every video to complete the program

> - Videos provide additional context and perspectives to deepen your understanding

> - If a video is unavailable, please notify your facilitator

Standardized Context Video Language

Use this template at the beginning of each module when introducing conceptual videos:

Context: Shared Language

Before we go deeper, this short video introduces the basic idea of [concept]. You don't need to adopt this framework wholesale — it's here to make sure we're all starting from the same reference point.

As you watch, focus on how the concept is defined. In the next section, we'll break down how this applies specifically to your patterns and decisions.

[Embed video]

Then immediately move on.

Module-Specific Context Video Templates

Module 1: Reframing Obsession

Context: Shared Language

Before we go deeper, this short video introduces the basic idea of **obsession as redirectable energy**. You don't need to adopt this framework wholesale — it's here to make sure we're all starting from the same reference point.

As you watch, focus on how the concept is defined. In the next section, we'll break down how this applies specifically to your patterns and decisions.

[Embed video]

Then immediately move on.

Module 1.5: Personality & Energy Profile

Context: Shared Language

Before we go deeper, this short video introduces the basic idea of **operating systems and wiring mismatch**. You don't need to adopt this framework wholesale — it's here to make sure we're all starting from the same reference point.

As you watch, focus on how the concept is defined. In the next section, we'll break down how this applies specifically to your patterns and decisions.

[Embed video]

Then immediately move on.
